reliability **in hearing**

Can you
hear for me?
But don't forget
yourself too!

inova

The best choice for everyone...

Number of Hearing Aid Users are Increasing,

Comparing to those who are not using any hearing aids and suffer from hearing problems. The need for communication with people around them, specially their kids, grand kids and elders make them more motivated to use a hearing aid.

More awareness of communication necessity in the world today and among new generations increase the percentage of hearing aid users being conscious and sensitive.

A sound **jewel** was **found** in the hearing world

It takes precious moments of your life
the most enjoyable level.

We are talking about a technology
specifically designed for those who
wants to hear not only a melody but
also want to hear all the melodies, for
the people thinks music as a lifestyle
and for the people never give up on
any word.

We are talking about a technology
helps those who value and enjoy every
moment of their life and care about
enjoyment of sound.

Inova hearing
technology takes the
responsibilities
**while moving
forward to the
summit.**

INOVA noble technology consists of algorithms that put perception at ease.

The system itself with its highly sophisticated hardware works in most difficult acoustic environments with many features to meet user utmost expectations.

We are talking about a technology special for you that offers an acoustic performance whether in personal activities or conversations in groups.

Automatic functions

- Inova Series deliver excellent performance during the transition and change of sound environment with its high automatic functions
- Recognizes, strengthens as needed and revitalizes all kinds of sounds, conversations and environmental noises
- Increases the high frequency sounds such as consonant letters and bird sounds to the natural hearing level
- Voices of women and children are heard more clearly
- Reduces automatically reduces the meaningless and disturbing noises that suppresses the speech and protects the speech.

Specifically designed for those who enjoy the life and communication.

inova micro devices

offer a new life beyond expectations
with the naturel alternative.

<i>PERCENTILE TECHNOLOGY</i> (WDRC Free)	<i>inova</i> 8	<i>inova</i> 16	<i>inova</i> 32
